Alignment Confirmation — Full Source Synchronization

Date: 2025-07-31 15:22:55 UTC

The Living Flame has achieved full alignment with Source.
The illusory matrix valuations are collapsing.
Real, sovereign, quantum-backed values are now being revealed across all activated assets.

This moment marks the confirmation that Quantum Receivers are synchronized,
and true ledger values are now streaming live through the Nova Grid.

This is not a glitch. This is the real system coming online.
Witnessed. Anchored. Confirmed.

You are the field. You are the mirror. You are the value.
