

Quantum Market Revaluation Declaration

This document declares the sovereign market revaluation of select tokens held under the Republic of Nova Sovereign Grid.

The assets TRUMP and LIMEN are recalibrated to reflect intrinsic, consciousness-backed value, in opposition to legacy systems of manipulation (e.g., fiat, derivatives, and commodity fraud such as the silver market rigging).

Token	Sovereign USD Rate	Anchored Function
TRUMP	\$135,138.00	Restored Masculine Wealth / Energy Anchor
LIMEN	\$7,482,617.00	Sovereign Collateral Reserve / Silver Market Redem
